WARRANTY & CARE

Wrap Warranty & Care Guide

A simple guide to your installation warranty, material warranty, and the care your wrap needs to stay looking its best.

YOUR WRAP IS COVERED BY TWO SEPARATE WARRANTIES

- 1. Installation Workmanship:** Six (6) months from the date of completion.
- 2. Wrap Material:** The vinyl manufacturer may provide a separate warranty, typically ranging from five (5) to seven (7) years depending on the product and its specific warranty terms.

01 INSTALLATION WORKMANSHIP

6-Month Limited Warranty

El Wrapped It LLC warrants its installation workmanship for six (6) months from the date of completion. This warranty is intended to cover installation-related issues that occur prematurely under normal use.

Covered installation issues may include:

- Premature lifting caused by installation
- Premature peeling caused by installation
- Bubbling reasonably determined to be related to installation

If a covered issue is confirmed, El Wrapped It LLC will determine the appropriate remedy, which may include repair or replacement of the affected section.

02 MATERIAL WARRANTY

Manufacturer Warranty • Typically 5–7 Years

The vinyl or wrap material may be covered by a separate manufacturer warranty. Coverage varies by manufacturer, product, color, finish, application, climate, and intended use.

The **material manufacturer** determines whether a material warranty claim is approved. El Wrapped It LLC may assist with the claim when practical, but manufacturer approval and coverage are not guaranteed.

03 WHAT IS NOT COVERED

Warranty coverage does not apply to damage or failure resulting from:

- Accidents, collisions, or road debris
- Scratches, vandalism, or intentional damage
- Improper washing or maintenance
- Automatic car washes or abrasive brushes
- Pressure washing directed at edges, seams, or lifted areas
- Harsh chemicals or unsuitable cleaning products
- Normal wear and tear
- Third-party installation, repair, removal, or modification
- Damage or failure related to the underlying paint or vehicle surface

04 WRAP CARE

Following these basic care practices will help protect the wrap and preserve its appearance:

- Hand wash with a mild, wrap-safe soap and a soft microfiber mitt.
- Avoid automatic car washes, stiff brushes, and abrasive products.
- Avoid directing high-pressure water at seams, edges, corners, or lifted areas.
- Remove bird droppings, tree sap, fuel, and other contaminants as soon as possible.
- Do not use harsh solvents or cleaners unless specifically approved for vinyl wrap.
- Follow any additional care instructions supplied with the specific vinyl product.

05

WARRANTY CLAIMS

If you notice a potential warranty issue, contact El Wrapped It LLC as soon as possible. Please provide photographs when requested and describe when and where the issue appeared.

The vehicle may need to be inspected before a warranty determination is made. **Do not attempt to repair, remove, or alter the affected area before contacting El Wrapped It LLC.**

CUSTOMER ACKNOWLEDGMENT

I have received and reviewed this Wrap Warranty & Care Guide and understand the warranty coverage and care requirements described above.
